1. Transport Module Overview

FMS^{NG} Application is an efficient ETRM System for Domestic Gas Trading, customized to meet business requirement of Shell Energy Marketing and Trading India Private Limited (SEMTIPL). FMSNG Transport Module will create and manage Transporter contract and associated transport workflow of the trading system as listed below:

- GTA Agreement Creation & Management
- GTA Deal Creation & Management
- Transporter Customer code and CT Management
- Daily Nomination, Scheduling and Gas Allocation
- Remittance Generation
- Interfacing with SAP P80 to flow Financial Information
- System will trigger event based emails as applicable
- Management Reports

1.1. User Interface / Screen Designs

FMS^{NG} offers Responsive UI to enable usability via any smart phone, tab and laptop of any screen size. The Menus of Transport module are as below:

The responsive mode view over iPhone simulation:

2. Menu Network / Screen Navigation

Menus in any Module are kept under different Groups for better categorization. The Groups under Transport Module are Contract, Request/Approval, Nomination, Allocation & Metering, Invoice, Reports.

2.1. Sub Module – GTA

‘GTA Group contains FORMs for Create and Modify Gas Transport Agreement, Gas Transport contracts and GTC Nomination/Scheduling/Allocation.

2.1.1. GTA – Gas Transport Agreement

Agreement for Transporter in FMS^{NG} Application added/edited from this FORM by Users who have access of Sales Module.

	Transporter	Agreement#	Status	Contract Period	Total MMBTU	Calorific Base

2.2.2. GTA Remittance – GTA Free Flow Remittance

Follow below steps to Generate GTA Free Flow Remittance:

1. Click On “Create New” button located at the top right corner of the ‘GTA Free Flow Remittance Generation’ Part.

- Select Transporter: Select Transporter from the dropdown for which Remittance will be generated.
- Month/Year: Select month & year from the dropdown.
- Contract No. : Select Contract for the selected Transporter from the existing Contracts.
- Billing Cycle: Select billing cycle according to the requirement.
- Business Unit (Transporter Details): Select Business Unit for which Remittance will be generated.
- Business Unit (owner (SEMTIPL) Details): Select Business Unit from the dropdown.
- Contact Person (owner (SEMTIPL) Details): Select Contact person from the dropdown.
- **Note*:** It is mandatory to select Business Unit First and then only Contact Person can be selected.
- TCS/TDS Applicable: If “TCS” or “TDS” applicable on the invoice, select from the dropdown, else Select “NA” to proceed further.

- Invoice Category: Select Invoice Category, for which category invoice will be generated.
- Invoice type: Select Invoice Type from the Dropdown.

- **Invoice#:** Enter invoice number.
- **Link Invoice Ref:** Link reference with invoice if any available.
- **Invoice Date:** Enter date on which invoice will be raised.
- **Invoice Due Date:** Enter due date for invoice.
- **Invoice Raised In:** Select In which Currency Type Invoice will be raised.
- **Invoiced MMBTU:** Enter quantity of Gas in MMBTU unit, for how much of quantity Invoice will be generated.
- **Line Item:** User have to enter Name of Item (Product or Service) for which Invoice will be generated at the first Row of Line Item Column.
- **Unit:** Enter Unit as “INR” or “USD” as per the item’s amount.
- **Qty:** Enter quantity of item.
- **Rate:** Enter Rate of the Item.
- **Amount:** Enter Price of Item.
- **Add/Del Line:** User can add more lines in order to add more item.
- **Gross Amount (USD):** Enter Gross Amount in USD in Amount Column.
- **Exchange Rate:** Enter your preferred exchange rate from USD to INR.
- **Gross Amount (INR):** Enter Gross Amount in INR according to exchange rate.
- **Tax ():** Configure tax details by using “Tax Config” button.

Tax Structure List

	Tax Structure Code	Effective Date	Tax Structure Search..	SAP Tax Code	SAP GL	Status	Payable / Receivable	Remark
☐	2	01/02/2021	CGST 6%, SGST 6%			Active	Payable	
☐	19	27/02/2024	TDS 4%	QE	SA	Active	Payable	

Select preferred tax from the list. Enter Tax amount in amount Column.

- **Invoice Amount:** Enter Total amount of Invoice in amount column.
 - **Adjustment:** Enter amount of adjustment if applicable.
 - **Net Payable:** Enter the final payable amount after Adjustment will be paid.
- Note:** User can add some note for future reference.

Click “Submit” button to submit all the details.

After Successful submission, User can see how invoice view will be like by using “View” button.

2.3. Sub Module – Map Master

2.3.1. Map Master – Transporter Customer Code

Transporter Customer code menu is used for assigning specific code to customer by transporter for reference.

Transporter Assigned Customer Code

Add Customer Code

Customer	Customer Plant	Customer Code	Effective Date	Status
GAIL India Limited				
Reliance Industries Limited				
P Infrastructure Limited				
AP Technologies				
NAVARA ENERGY LIMITED	NEL Hazdra	2024012	05/03/2024	Active

To add a new Customer code, click on “Add Customer Code” at the right Top corner and enter required details or to Modify Customer code, click on button and change details for  existing Customer code.

Add/Modify Customer Code

Transporter*
 Customer*
 Customer Plant*
 Effective Date*
 Customer Code*
 Status* ☒ Active

- Transporter: Select transporter from the dropdown.
- Customer: Select customer for which code will be generated.
- Customer plant: select customer plant for the selected customer.
- Effective Date: Enter effective date for the customer code.
- Status: Set status of the customer code.

After that, click on “Submit” button to save the details.

localhost:8010 says
Do you Want to Submit?

OK

Cancel

Click “Ok”, status of Customer code submission or modification get displayed at the top of the screen.

✓ Successful! - New Transporter Assigned Customer Code Added Successfully!

Active Assigned customer cod get displayed at the time of nomination through “Sales” Module.

2.3.2. Map Master – Transporter CT Master

Transporter CT Master Menu is used for generating tickets for the entry and exit point for the transporter reference.

Transporter CT and UTR								
GAIL India Limited								
	Transporter Entry Point Search...	Transporter Exit Point Search...	Exit Point Type Search...	CTR	UTR	Start - End Date	Status	Link Contract
	GAIL - GAIL Hazira	MGL - MGL Ahmednagar	Customer	10101011	70707077	02/05/2022 - 31/12/2025	Active	L233003, S2-2
	GAIL - GAIL Hazira	MGL - MGL Hazira	Customer	10101012	70707084	27/01/2022 - 31/12/2023	Active
