PROFILE

Agile-Focused Software Developer with extensive experience in building secure, high-quality software in Java. Proficient in developing and implementing solutions that streamline workflows and improve productivity. Committed to continuous learning and staying ahead of tech trends to drive success in dynamic, team-oriented settings.

EXPERIENCE

Onli Learning Platform – **Android Developer Intern** (JUN 2022 – JULY 2022)

- Project – Budget Plus Android Application
- Technologies – Firebase, Java
- **Description:** Developed a budget management mobile application that allows users to track expenses, set budget goals, and generate financial reports.

Baroda Informatics Pvt. Ltd. – **Trainee Software Developer** (FAB 2023 – APR 2023)

- Project – Fuel Management System
- Technologies – Java, HTML, CSS, JavaScript, Bootstrap, Oracle SQL
- **Description:** Designed a Fuel Management System that tracks fuel inventory and usage, optimizing fuel allocation and reducing waste.
- **Achievements:** Collaborated with cross-functional teams to ensure seamless deployment and user adoption.

Baroda Informatics Pvt. Ltd. – **Junior Software Developer** (MAY 2023 – Present)

- Project – Fuel Management System-Natural Gas (FMS^{ng}), Energy Management System (EMS)
- Technologies – Java, HTML, CSS, JavaScript, Bootstrap, Oracle SQL
- **Description:** Developed a comprehensive fuel and energy management system for natural gas resources, providing analytics and insights to optimize energy usage across multiple facilities.
- **Achievements:** Created a dynamic dashboard with HTML, CSS, and JavaScript, offering stakeholders a user-friendly way to access critical energy data.

EDUCATION

- Bachelors of Computer Science and Engineering – ITM Universe, Jarod, Vadodara (2019-2023)
- HSC – 12th Science – Utkarsh Vidyalaya, Vadodara (2018-2019)
- SSC – 10th – Utkarsh Vidyalaya, Vadodara (2016-2017)

CERTIFICATES

- NCC 'B' and NCC 'C' Certificates
- Server Authentication using Express and Nodejs
- Real Estate Price prediction bootcamp
- Cyber security: the biggest security challenge in this era.

SKILLS

- **HARD SKILLS**

Java, HTML, CSS, Bootstrap, JavaScript, Oracle, SQL, WordPress (PHP)

- **LANGUAGES**

Gujrati: Native English: Elementary Proficiency Hindi: Elementary Proficiency

- **SOFT SKILLS**

Problem Solving, Effective Communication, Adaptability, Time Management, Team Collaboration, Agile Mindset
